H-Spon	P. Neville & K. Mullica	S-Spon	J. Gonzales
Summary	Under current law, public money may be deposited in or invested with banks and savings and loan associations that are protected by the federal deposit insurance corporation. The bill permits the deposit or investment of public money with a credit union that is federally insured by the national credit union administration. Section 1 of the bill authorizes credit unions to make loans to public entities, and section 2 authorizes the state commissioner of financial services to assess each credit union for the cost of monitoring compliance with laws that protect public deposits. Section 4 renames the "Savings and Loan Association Public Deposit Protection Act" the "Credit Union and Savings and Loan Association Public Deposit Protection Act" (deposit protection act), and sections 5 through 13 add references to credit unions throughout the deposit protection act. Section 15 amends the law allowing public entities to use depositories that are federally insured to include credit unions. Sections 3, 14, and 16 through 24 make conforming amendments to statute to authorize public entities or officials to deposit money with federally insured credit unions and to reflect the renaming of the deposit protection act.

Past Legislation for Updates and/or Reference

<u>HB22-1006, Child Care Center Property Tax Exemption</u>			
H-Spon	K. Van Winkle & D. Roberts	S-Spon	K. Donovan & J. Smallwood
Summary	Under the state constitution, property that is used solely and exclusively for charitable purposes is exempt from property tax, unless otherwise provided by general law. Under this constitutional authority, there is currently an exemption for property used as an integral part of a child care center. Section 2 of the bill modifies this exemption by repealing the requirement that the property must be owned for strictly charitable purposes and not for private gain or corporate profit, and that the property must be irrevocably dedicated to a charitable purpose. These changes allow property that is used by a tenant or subtenant to operate a child care center to be eligible for the exemption, and the bill specifies that in such case, only the operator's use is to be considered for purposes of determining whether the property is eligible for the exemption. Section 3 requires such an operator, or the operator's authorized agent, to sign the exemption application form and to provide the property tax administrator with any requested information related to the exemption. Sections 4 and 5 make conforming amendments.

Summary	For 7 years beginning on January 1, 2023, the bill creates a sales and use tax exemption for the sale, storage, use, or consumption of an aircraft used or purchased for use in interstate or intrastate commerce by an on-demand air carrier. <u>HB22-1117, Use Of Local Lodging Tax Revenue</u>			
H-Spon	M. Catlin & D. Roberts	S-Spon	D. Coram & K. Donovan
Summary	<p>Section 1 of the bill amends the authority of a local marketing district (district) to allow it to use the proceeds of its marketing and promotion tax levied on rooms or accommodations (marketing and promotion tax) for activities related to workforce recruitment, management, and development and for facilitating and enhancing visitor experiences. It also allows a district to make capital expenditures related to these purposes, as well as for business recruitment, management, and development.</p> <p>If a district's allowable uses of the marketing and promotion tax revenue approved by voters prior to January 1, 2022, do not include an additional use, then under section 2 , the district will require subsequent voter approval to use the marketing and promotion tax revenue for that purpose.</p> <p>Counties are currently authorized, with prior voter approval, to levy a county lodging tax for the purpose of advertising and marketing local tourism. Section 3 expands the lodging tax to allow the revenue to also be used for:</p> <ul style="list-style-type: none"> • Economic development; • Workforce recruitment, management, and development; or • Facilitating and enhancing visitor experiences. <p>If a county already has a lodging tax that is limited to advertising and marketing local tourism, then the county must obtain voter approval to begin using the lodging tax revenues for any or all of these additional purposes.</p> <p>Beginning January 1, 2023, section 3 also requires any person or entity collecting the county lodging tax to remit the tax revenue to the department of revenue with the same filing frequency as the person or entity remits and files sales tax, instead of quarterly.</p> <p>As amended in the house, HB 1117:</p> <p>1.) Expands allowable (voter approved) uses to include:</p> <p>a) advertising and marketing local tourism (existing use);</p> <p>b.) housing and child care for tourism-related workforce and other workers in the community; or</p> <p>c.) facilitating and enhancing the visitor experience</p> <p>(Please note that the originally introduced language that would have allowed lodging tax dollars (via CRS 30-11-107.5) to go to 'economic development' investments has been removed)</p>		

	Other amendments include requiring counties that CHOOSE to seek voter approval on these expanded uses, to: 1.) specify how they plan to use the dollars in their ballot measure and 2.) commit at least 10% of the lodging tax revenue for advertising and marketing

SB22-051, Policies to Reduce Emissions from Built Environment

H-Spon		S-Spon	C. Hansen
Summary	<p>SB 51 contains a series of preferential tax exemptions for specific products and equipment to help promote their purchase and address climate change. The property tax implications of the 'introduced' bill has been removed. The bill was further amended to include a 10 year income tax credit that amounts to 10% of the cost of a heat-pump system or heat pump water heater for both residential and commercial property owners.</p> <p>The income tax credit must be claimed in the year the system is purchased. Additional amendments state that if the credit exceeds the income taxes due, there is no carrying over the credit into future years. The bill also includes details covering situations whereby the purchaser of the system then sells their home to another person and how the credit is assigned to the seller and the purchaser is compensated.</p> <p>SB 51 also exempts heat pump systems and heat pump water heaters from the state's sales tax for both residential and commercial property owners. This includes 'energy storage systems' which would cover the purchase of batteries and batteries paired with on-site generation. SB 51 allows local governments to adoption these exemptions if they so choose.</p> <p>Finally, SB 51 exempts decarbonizing building materials such as asphalt, cement, glass, post-tension steel, reinforcing steel, structural steel and wood structural elements from the state's sales tax.</p>
