

2022 LEGISLATIVE ISSUE FORM

CCI is soliciting potential legislative issues for the 2022 legislative session. These issues will be discussed and voted on by the membership. Those securing 65% approval at the October 8, 2021 Legislative Committee Meeting will become CCI's 2022 legislative priorities.

CCI initiates more bills than any other local government association. Typically six to eight bills are initiated each year to address county government matters.

In accordance with CCI's Policy Statement,

“...initiated legislation should be realistic and closely related to the conduct of our members' responsibilities if we are to retain a high level of credibility. Local elected officials' groups, county and otherwise, as well as other interest groups, should be encouraged to find sponsors for and initiate their own proposals, allowing our members and CCI to take a supportive role when the bill is introduced.”

To submit an issue for consideration, please answer **all** the questions on the following page or via [this survey](#) for each of legislative issues; you may use more than one page when submitting issues and submit additional materials related to the issue. If your county submits multiple issue forms, please prioritize each issue.

We encourage you to confer with your county managers or administrators and department heads, as well as other elected officials, to determine what issues are the most pressing in your county and have implications for other counties. All submitted issue forms **must have the support of the Board of County Commissioners.**

Issue forms are due Friday, July 16 at noon, please send to Katie First at kfirst@ccionline.org.
